

Biological Wastewater Process Control Training Seminar by

Overview:

This 2-day (16 hours) course is approved as Training for Wastewater Operators, Engineers, & Laboratory personnel.

This seminar will present the process control methodologies and laboratory techniques necessary to control the activated sludge process or any wastewater treatment system with an emphasis on process monitoring & trouble shooting. These approaches are equally applicable to domestic and industrial facilities. Past participants from industries such as Food and Beverage, Wineries, Chemical, Papermill & petrochemical have been successful in applying these methods to control their processes. Municipalities will greatly benefit from this training course. The course will consist of lecture, microscopic analysis, plant audit, demonstrations of certain laboratory procedures and microscope use.

Course Materials

Each attendee will receive complete class notes on a CD also included is our Wastewater Microscopic / Biological Training CD... valued at \$250.00.

Who should attend?

The course is designed for all wastewater professionals, particularly operations personnel, such as operators, engineers & laboratory personnel.

Registration Form – 2-Day Biological
Wastewater Process Control Seminar by
Tracy Finnegan - Environmental Leverage® Inc.
Approved by the State of Florida for CEU's
June 11th Mon. & Tues. 12th Wed. 2018
8am - 4:30pm both days

Seminar held at:
Utility Administration Building - City of Tavares
1000 Captain Haynes Road
Tavares, FL 32778

Name

Position or Title

Organization

Business Address

City, State & Postal Code

Phone

Email

Registration Fee

Full 2 Day Course \$395.00

Includes lunch both days of class.

Method of Payment

Check, Visa, Master Card, Discover or PO#

**Please register through and make checks or
purchase orders to:**

Environmental Leverage Inc.

812 Dogwood Dr., Suite A
North Aurora, IL 60542

Email: elfenvironmental@aol.com

Phone: 630-906-9791

Course Outline

Day 1 Schedule

Wastewater Basics Overview
Microbiology Overview
Floc & Filaments Analyses
Microscope Use, Techniques & Stains
Lab Sample Handling & Prep
Hands on Microscopic Observation
Visual Observations & Troubleshooting
Filaments, Zooglea & Foam control
Solids Carryover & Settling Problems

Day 2 Schedule

Process Overview & Process Variations
Process Control Strategies
Equipment Optimization,
Preliminary, Primary, Secondary,
Clarifiers, Digesters and Dewatering
Settleometer, Clarifier Simulation Test
Sludge Judge Profile
Plant Tour (weather permitting)
Land Application & Biosolids Handling
Environmental Issues
Troubleshooting
Case Histories - Plant Examples

Please be sure to bring a 100ml / 3-4 oz.'s,
of your MLSS sample from your own facility.
**Microscopic plant biomass analyses
will be taught in class for each sample.**
*Leave 1-2 inches air space in bottle.
Keep cool & do not freeze. You can overnight ship
to address of class, if you cannot carry sample.*

Are Wastewater Treatment problems getting to you lately?

Don't miss this opportunity to increase your knowledge of biological process control in your wastewater treatment system. Learn how to troubleshoot and optimize your treatment system.

General Information:

Registration first day is at 7:45 a.m.

2-Day course begins at
8:00 a.m. to 4:30 p.m.

June 11th Mon. & Tues. 12th 2018

Lunch will be provided both days by
City of Tavares Wastewater Utilities, FL.

**THIS CLASS IS APPROVED FOR CEU
ACCREDITATION BY THE STATE OF FLORIDA**

2 DAY CLASS = 1.6 CEU'S

*Let us know if you're from surrounding
states for approval*

THE INSTRUCTOR

Tracy Finnegan is an environmental engineer with Environmental Leverage® Inc., Illinois. She was formerly associated with Nalco and Suez, where she worked for more than 12 years in numerous positions related to research, operations, design evaluation, auditing and troubleshooting wastewater systems. She now operates her own Environmental Engineering Company that supplies products, training, lab services, audits and auditing services.

www.EnvironmentalLeverage.com

Tracy has taught biological wastewater process control to operators & engineers for over 26 years and performed audits and troubleshooting for ~5-6000 industrial and municipal treatment plants. Tracy holds a BS degree in Business Chemistry from Northern Illinois University.

She is a co-author in WEFTEC's Book Wastewater Biology: The MicroLife, and has now developed 12 new wastewater Training CD's.

Course / Seminar Location at:

Utility Administration Building - City of Tavares
1000 Captain Haynes Road
Tavares, Florida 32778
