# **Biological Wastewater Process** Control Seminar

### Training Seminar Overview:

This 2-day (16 hours) course is approved as Training for Wastewater Operators, **Engineers, & Laboratory personnel** 

This seminar will present the process control methodologies and laboratory techniques necessary to control the activated sludge process or any wastewater treatment system with an emphasis on process monitoring & trouble shooting. These approaches are equally applicable to domestic and industrial facilities. Past participants from industries such as Food and Beverage, Wineries, Chemical, Papermill & petrochemical have been successful in applying these methods to control their processes. Municipalities will greatly benefit from this training course. The course will consist of lecture, microscopic analysis, plant audit, demonstrations of certain laboratory procedures and microscope use.

### **Course Materials**

Each attendee will receive complete class notes on a CD also included is our Wastewater Microscopic / Biological Training CD... valued at \$275.00.

### Who should attend?

The course is designed for all wastewater professionals. particularly operations personnel, such as operators, engineers & laboratory personnel.

# Registration Form – 2-Day Training **Biological Wastewater Process Control Seminar** by Tracy Finnegan-Environmental Leverage® Inc.

March 20th & 21st 2023

Monday & Tuesday 8am - 4:30pm both days

Seminar held at:

**Environmental Leverage Inc.** 1454 Louis Bork Drive Batavia. IL 60510

Name	
Position or Title	
Organization	
Business Address	
City, State & Postal Code	
Phone	
Email	
Registration Fee	

# Full 2 Day Course \$395

\*Includes lunch both days of class

Method of Payment

Check, Visa, Master Card, Discover or PO# Please make checks or purchase orders to:

**Environmental Leverage Inc.** 

812 Dogwood Dr., Suite A North Aurora, IL 60542

Email: elfenvironmental@aol.com

Phone: 630-906-9791 (Registration address only)

### **Course Outline**

### Day 1 Schedule

**Wastewater Basics Overview Microbiology Overview** Floc & Filaments Analyses Microscope Use, Techniques & Stains Lab Sample Handling & Prep Hands on Microscopic Observation **Visual Observations & Troubleshooting** Filaments, Zooglea & Foam control **Solids Carryover & Settling Problems** 

### Day 2 Schedule

**Process Overview & Process Variations Process Control Strategies Equipment Optimization,** Preliminary, Primary, Secondary, Clarifiers, Digesters and Dewatering Settleometer, Clarifier Simulation Test **Sludge Judge Profile Nitrification and Denitrification** Phosphorus removal **Troubleshooting Case Histories - Plant Examples** 

# Are Wastewater Treatment problems getting to you lately?

Don't miss this opportunity to increase your knowledge of biological process control in your wastewater treatment system. Learn how to troubleshoot and optimize your treatment system.

### **General Information:**

Registration first day is at 7:45 a.m.

2-Day course begins at 8:00 a.m. to 4:30 p.m. March 20th & 21st 2023 Monday & Tuesday

Lunch will be provided both days

Let us know if you're from surrounding states for CEU approvals

## Register by mail, telephone, email or fax: Environmental Leverage® Inc.

Registration address: 812 Dogwood Drive - Suite A North Aurora, IL 60542 Fax: 630-906-9792

Phone: 630-906-9791 elfenvironmental@aol.com

# The Course Instructor:

Tracy Finnegan is an environmental engineer with Environmental Leverage® Inc., Illinois. She was formerly associated with Nalco and Suez, where she worked for more than 12 years in numerous positions related to research, operations, design evaluation, auditing and troubleshooting wastewater systems. She now operates her own Environmental Engineering Company that supplies products, training, lab services, audits and auditing services.

### www.EnvironmentalLeverage.com

Tracy has taught biological wastewater process control to operators & engineers for over 30 years and performed audits and troubleshooting at over 6000 industrial and municipal treatment plants. Tracy holds a BS degree in Business Chemistry from Northern Illinois University.

She is a co-author in WEFTEC's Book Wastewater Biology: The MicroLife, and has now developed 12 new wastewater Training CD's.

She also created online Wastewater ELearning training for CEUS:
